

Invitation to the Newcomer Friday on 10 September, 2021

Visit to the Grenzkunstroute

For the fourth time now, KuKuK e. V. is offering visitors the opportunity to experience culture and nature across borders and with all their senses as part of the open-air exhibition Grenzkunstroute.

This year, 17 art stations in the border forest are dedicated to the theme of home. Photographs, installations, sculptures and environment art objects await visitors on a 3 km long circular route.

After a get-together, we will go on a two-hour tour along the Grenzkunstroute with art historian Dirk Tölke.

Afterwards, we will round off the evening in a convivial atmosphere.

Participation is only possible in compliance with the "3G rule" (short for German geimpft, getestet, genesen – vaccinated, recovered, tested)!
